Some jurisdictions do not allow the exclusion of certain warranties or disclaimer of implied terms in contracts with consumers, so some or all of the exclusions of warranties and disclaimers in this Section 12 may not apply to you.

13. Limitation of Liability

- (A) TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW: (I) IN NO EVENT WILL COMPANY OR ANY OF THE COMPANY PARTIES BE LIABLE FOR LOSS OF PROFITS OR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, WHERE RELATED TO LOSS OF REVENUE, INCOME OR PROFITS, LOSS OF USE OR DATA, OR DAMAGES FOR BUSINESS INTERRUPTION) ARISING OUT OF OR IN ANY WAY RELATED TO THE SALE OR USE OF STAR OR OTHERWISE RELATED TO THESE TERMS, REGARDLESS OF THE FORM OF ACTION, WHETHER BASED IN CONTRACT, TORT (INCLUDING, BUT NOT LIMITED TO, SIMPLE NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR ANY OTHER LEGAL OR EQUITABLE THEORY (EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE); AND (II) IN NO EVENT WILL THE AGGREGATE LIABILITY OF COMPANY AND THE COMPANY PARTIES (JOINTLY), WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR OTHER THEORY, ARISING OUT OF OR RELATING TO THESE TERMS OR THE USE OF OR INABILITY TO USE STAR, EXCEED THE AMOUNT YOU PAY TO US FOR STAR.
- (B) THE LIMITATIONS SET FORTH IN SECTION 13(A) WILL NOT LIMIT OR EXCLUDE LIABILITY FOR THE GROSS NEGLIGENCE, FRAUD OR INTENTIONAL, WILLFUL OR RECKLESS MISCONDUCT OF COMPANY.

- (C) Some jurisdictions do not allow the limitation or exclusion of liability for incidental or consequential damages. Accordingly, some of the limitations of this Section 13 may not apply to you.

14. Release

To the fullest extent permitted by applicable law, you release Company and the other Company Parties from responsibility, liability, claims, demands and/or damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between users and the acts or omissions of third parties. **You expressly waive any rights you may have under California Civil Code § 1542 as well as any other statute or common law principles that would otherwise limit the coverage of this release (including similar laws in other applicable jurisdictions) to include only those claims which you may know or suspect to exist in your favor at the time of agreeing to this release.**

15. Dispute Resolution; Arbitration

PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT CONTAINS ADDITIONAL PROVISIONS APPLICABLE ONLY TO INDIVIDUALS LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES. IF YOU ARE LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES, THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US.

- (a) ***Binding Arbitration.*** Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, “**Disputes**”) in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you and Company (i) waive your and Company’s respective rights to have any and all Disputes arising from or related to these Terms resolved in a court, and (ii) waive your and Company’s respective rights to a jury trial. Instead, you and Company will arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).
- (b) ***No Class Arbitrations, Class Actions or Representative Actions.*** Any Dispute arising out of or related to these Terms is personal to you and Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

- (c) **Federal Arbitration Act.** These Terms affect interstate commerce and the enforceability of this Section 15 will be both substantively and procedurally governed by and construed and enforced in accordance with the Federal Arbitration Act, 9 U.S.C. § 1 et seq. (the “FAA”), to the maximum extent permitted by applicable law.
- (d) **Notice; Informal Dispute Resolution.** Each Party will notify the other Party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to Company shall be sent by e-mail to Company at Stars@GoAstra.info. We may provide notice to you via email to the email address you provide in connection with Registration. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and Company cannot agree how to resolve the Dispute within thirty (30) days after the date notice is received by the applicable Party, then either you or Company may, as appropriate and in accordance with this Section 15, commence an arbitration proceeding or, to the extent specifically provided for in Section 15(a), file a claim in court.
- (e) Any arbitration will occur in San Francisco County, California. Arbitration will be conducted confidentially by a single arbitrator in accordance with the rules of the Judicial Arbitration and Mediation Services (“JAMS”), which are hereby incorporated by reference. The state and federal courts located in San Francisco County, California will have exclusive jurisdiction over any appeals and the enforcement of an arbitration award. You may also litigate a Dispute in the small claims court located in the county where you reside if the Dispute meets the requirements to be heard in small claims court.
- (f) **Authority of Arbitrator.** As limited by the FAA, these Terms and the applicable JAMS rules, the arbitrator will have (i) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute, including the determination of whether a Dispute is arbitrable, and (ii) the authority to grant any remedy that would otherwise be available in court; provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a representative action, which is prohibited by these Terms. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual’s claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.
- (g) **Rules of JAMS.** The rules of JAMS and additional information about JAMS are available on the [JAMS website](#). By agreeing to be bound by these Terms, you either (i) acknowledge and agree that you have read and understand the rules of JAMS, or (ii) waive your opportunity to read the rules of JAMS and any claim that the rules of JAMS are unfair or should not apply for any reason.
- (h) **Severability of Dispute Resolution; Arbitration.** If any term, clause or provision of this Section 15 is held invalid or unenforceable, it will be so held to the minimum extent required by law, and all other terms, clauses and provisions of this Section 15 will remain valid and enforceable. Further, the waivers set forth in Section 15(b) are

severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

16. Governing Law and Venue

These Terms will be governed by and construed and enforced in accordance with the laws of the Cayman Islands, without regard to conflict of law rules or principles (whether of the Cayman Islands or any other jurisdiction) that would cause the application of the laws of any other jurisdiction. Any Dispute between the Parties arising out or relating to these Terms or its subject matter or formation (including non-contractual Disputes of claims) that is not subject to arbitration will be resolved in the courts of the Cayman Islands.

17. Severability

If any term, clause or provision of these Terms is held unlawful, void or unenforceable, then that term, clause or provision will be severable from these Terms and will not affect the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of these Terms.

18. Disruption Event

In the event of a Disruption Event, we have the right to suspend the Token Sale. If we elect to suspend the Token Sale, we will publicly announce the suspension as soon as reasonably practicable and, prior to resuming the Token Sale, we will announce the resumption at least four (4) hours in advance. If we suspend the Token Sale for a period of time (the “**Suspension Period**”) pursuant to this Section 17, we will determine in our sole discretion whether to (i) nevertheless end the Token Sale on the scheduled Token Sale End Date (as defined in **Exhibit B**) or (ii) extend the Token Sale for a period equal to the Suspension Period. We will provide notice of its election in this regard in the public announcements of the resumption of the Token Sale following the Suspension Period. A “Disruption Event” means (i) any event or occurrence that causes a disruption in the functionality of the Ethereum blockchain, and such disruption has a material adverse effect on the processing time for Ethereum blockchain transactions, or (ii) a change in the price of Ether of twenty percent (20%) or more in any twenty-four (24) hour period.

19. Modification of Terms

We have the right to modify these Terms if we reasonably believe that such modifications are necessary to comply with applicable laws or regulations or to address technical inaccuracies. If we make changes, we will post the amended Terms at www.GoAstra.info/token and update the “Last Updated” date above. We may also provide notice to you via email to the email address you provide during Registration. The amended Terms will be effective immediately, and your continued use or holding of STAR you purchased shall constitute your acceptance of the modified Terms.

20. Miscellaneous

These Terms constitute the entire agreement between you and us relating to your purchase of STAR from us. Our failure to exercise or enforce any right or provision of these Terms will not operate as a waiver of such right or provision. We will not be liable for any delay or failure to perform any obligation under these Terms where the delay or failure results from any cause beyond our reasonable control. We may assign our rights and obligations under these Terms. Purchasing STAR from us does not create any form of partnership, joint venture or any other similar relationship between you and us. Except as otherwise provided in herein, these Terms are in-tended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. You agree and acknowledge that all agreements, notices, disclosures, and other communications that we provide to you, including these Terms, may be provided in electronic form.

2. *Astra Network*

The Company is developing a network of communities and computers to facilitate peer-to-peer exchange of computing services and resources.

Incentive System: The Company is also developing an incentive system using the blockchain to attract large number of users to its communities.

Peer-to-Peer Transactions: The Company is also developing mechanisms to facilitate peer-to-peer exchange of computing services and resources.

3. *Additional Information Regarding Astra Network and Ongoing Development*

Further details regarding the Astra Network and the use of STAR for Network Utility are described in the Astra Whitepaper, Astra – The Social Supercomputer ("**Whitepaper**"), which is available at: www.GoAstra.info/pdfs/Astra_Whitepaper.pdf. More information regarding Company's ongoing development plans ("**Development Roadmap**") is described on the Astra website, which is available at www.GoAstra.info/roadmap.

Although Company intends to develop Astra Network in the manner generally described above, it reserves the right to modify features, functionalities or ongoing development plans in its sole and absolute discretion. To participate in Pre and Public Token Sales, you must undergo a pre-Token Sale registration process (“Registration”). The Registration form is available on the Company’s <https://www.GoAstra.info> website. A secure online account will be opened for the community members who register for the Astra Token Sale using the Whitelist Link.

Only verified or whitelisted community members who pass the KYC/AML checks will be able to participate in the Astra Token Sale. The US based community members who contribute more than \$20,000 will have to pass the accreditation check as well. We will provide further instructions for purchasing STAR during the Token Sale via email to community members who complete the Registration.

The Company’s official Ethereum Address for sending your contributions will be posted only on your personal account page. It will not be posted anywhere else. Please ensure that you are at <https://www.GoAstra.info> website.

During the Token Sale, the STAR smart contract address will only accept Ether from, and send STAR to, only verified Ethereum Addresses with adequate Ether balances belonging to persons who have completed the Registration. The Ether contributions of accounts that do not pass the KYC verification process will be returned.

Ether must be sent to the STAR smart contract address during the Token Sale in order to purchase and receive STAR. Sending Ether to any other address may result in loss of Ether. Attempted transactions to purchase STAR will be rejected if Ether is sent to the STAR smart contract address at any time before or after the Token Sale.

The STAR smart contract will be deployed by Company from the Cayman Islands. As such, you acknowledge that title to, and risk of loss of, STAR delivered by the smart contract passes from Company to you in the Cayman Islands.

6. *Use of Proceeds from STAR Token Sale*

The proceeds of the Token Sale are intended to be used for the ongoing development of the Astra Network and associated software tools for consumers and end-customers to leverage the Astra Network, as outlined in Astra Development Roadmap (referenced in **Exhibit A**). As noted above, the Development Roadmap is provided for illustrative and descriptive purposes only, does not form part of these Terms unless expressly incorporated herein, and is subject to modification by Company in its sole and absolute discretion.

Exhibit C

Certain Risks Relating to Purchase, Sale and Use of STAR

Important Note: As noted elsewhere in these Terms, STAR are not being designed or sold as securities or any other form of investment product. Accordingly, none of the information presented in this **Exhibit C** is intended to form the basis for any investment decision, and no specific recommendations are intended. Company expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from:

(i) reliance on any information contained in this **Exhibit C**, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.

By purchasing, holding and using STAR, you expressly acknowledge and assume the following risks:

1. Risk of Losing Access to STAR Due to Loss of Private Key(s), Custodial Error or Purchaser Error

A private key, or a combination of private keys, is necessary to control and dispose of STAR stored in your Purchaser Wallet or other digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your Purchaser Wallet or other digital wallet or vault storing STAR will result in loss of such STAR. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of your Purchaser Wallet or other digital wallet or vault service you use, may be able to misappropriate your STAR. Any errors or mal-functions caused by or otherwise related to your Purchaser Wallet or other digital wallet or vault you choose to receive and store STAR, including your own failure to properly maintain or use such Purchaser Wallet or other digital wallet or vault, may also result in the loss of your STAR. Additionally, your failure to follow precisely the procedures set forth in **Exhibit B** for buying and receiving STAR may result in the loss of your STAR.

2. Risks Associated with the Ethereum Blockchain

Because STAR and the Astra Network are based on the Ethereum blockchain, any malfunction, breakdown or abandonment of the Ethereum blockchain may have a material adverse effect on the Astra Network or STAR. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to STAR and the Astra Network, including the use of STAR for Network Utility, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum blockchain.

3. Risk of Mining Attacks

As with other decentralized cryptographic tokens based on the Ethereum blockchain, STAR are susceptible to attacks by miners in the course of validating STAR transactions on the Ethereum blockchain, including, but not limited, to double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the Astra Network and

STAR, including, but not limited to, accurate execution and recording of transactions involving STAR and the use of STAR for technical governance of the Astra Network.

4. *Risk of Hacking and Security Weaknesses*

Hackers or other malicious groups or organizations may attempt to interfere with the Astra Network or STAR in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the Astra Network is an open-source protocol, there is a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the Astra Network, which could negatively affect the Astra Network and STAR, including STAR's use for Network Utility.

5. *Risks Associated with Markets for STAR*

STAR are intended to be used solely in connection with the Astra Network, and Company does not support or otherwise facilitate any secondary trading or external valuation of STAR. This restricts the contemplated avenues for using STAR, and could therefore create illiquidity risk with respect to STAR you hold. Even if secondary trading of STAR is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to market-related risks. Furthermore, to the extent that third parties do ascribe an external exchange value to STAR (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

6. *Risk of Uninsured Losses*

Unlike bank accounts or accounts at some other financial institutions, STAR are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer, such as the Federal Deposit Insurance Corporation, or private insurance arranged by us, to offer recourse to you.

7. *Risks Associated with Uncertain Regulations and Enforcement Actions*

The regulatory status of STAR and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Astra Network and STAR. Regulatory actions could negatively impact the Astra Network and STAR in various ways, including, for purposes of illustration only, through a determination that the purchase, sale, delivery or use of STAR constitutes unlawful activity, or that registration or licensing is required for STAR or for some or all of the parties involved in the purchase, sale, delivery or use of STAR. Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.

8. *Risks Arising from Taxation*

The tax characterization of STAR is uncertain. You must seek your own tax advice in connection with purchasing STAR, which may result in adverse tax consequences to you, including withhold-ing taxes, income taxes and tax reporting requirements.

9. *Risk of Competing Networks*

It is possible that alternative platforms could be established that utilize the same open source code and protocol underlying the Astra Network. The Astra Network may compete with these alternative platforms, which could negatively impact the adoption of the Astra Network and STAR, including STAR's use for Network Utility.

10. *Risk of Insufficient Interest in the Astra Network or Distributed Applications*

It is possible that the Astra Network will not be used by a large number of individuals, companies and other entities or that there will be limited public interest in the creation and development of distributed protocols and decentralized applications, more generally. Such a lack of use or interest could negatively impact the development of the Astra Network and the potential utility of STAR, including its use for Network Utility.

11. *Risks Associated with the Development of the Astra Network*

The Astra Network is in development at the time of the Token Sale. It is possible that the Astra Network will experience malfunctions or otherwise fail to be adequately developed over time, which may negatively impact the Astra Network and the potential utility of STAR, including its use for Network Utility.

12. *Risk of an Unfavorable Fluctuation of Ether and Other Currency Value*

The Company team intends to use the proceeds from selling STAR to contribute to the ongoing development of the Astra Network, as described further in **Exhibits A and B**. The proceeds of the Token Sale will be denominated in Ether, and may, at Company's discretion, be converted into other cryptographic and fiat currencies. If the value of Ether or other currencies fluctuates unfavorably during or after the Token Sale, the Company team may not be able to contribute to ongoing development of the Astra Network in the manner that it intended.

13. *Risk of Dissolution of the Company*

It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of Ether (or other cryptographic and fiat currencies), decrease in STAR's utility (including its use for Network Utility), the failure of commercial relationships, or intellectual property ownership challenges, the Company may dissolve.

14. *Risks Arising from Lack of Governance Rights in Company*

Because STAR confer no governance rights of any kind with respect to Company, all decisions involving the Company will be made by Company at its sole discretion, including, but not limited to, decisions to discontinue contributions to the Astra Network's ongoing development or to sell or liquidate the Company. As noted above, the consequences of those decisions could adversely impact the Astra Network and the utility of STAR that you hold, including STAR's use for Network Utility.

15. *Risks Associated with New and Evolving Laws Impacting Decentralized Application Technology*

The distributed protocol and decentralized application ecosystem, and by extension the Astra Network, may be subject to a variety of federal, state and international laws and regulations, including those with respect to consumer privacy, data protection, consumer protection, content regulation, network neutrality, cyber security, intellectual property (including copyright, patent, trademark and trade secret laws), and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. In addition, new laws or regulations affecting the Astra Network could be enacted, which could adversely impact the Company, the Astra Network and STAR, including STAR's use for Network Utility.

16. *Unanticipated Risks*

Cryptographic tokens such as STAR are a new and untested technology. In addition to the risks included in this **Exhibit C**, there are other risks associated with your purchase, holding and use of STAR, including those that the Company cannot anticipate. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in this **Exhibit C**.
